

Why Endorse Rob Curnock?

This is a question that I do get asked. Here is why. Rob radiates the conservative values of Central Texas and this country. He is not a professional politician, he is a real person. I am confident that if Rob Curnock represents us in Congress he will fight for his conservative values and will not bend to the political winds and lobbyists. I have known Rob from a business and personal perspective for over 20 years. While none of us are perfect, I believe Rob Curnock has demonstrated consistency and living out the conservative values that we hold dear throughout Central Texas and this country. I encourage every one that I am associated with and know to rally behind Rob in this election.

Onward and Upward,

Robert E. Tunmire
